## Taeka

VIEW SOURCE

This fan-fiction article, **Taeka**, was written by **Adalwulf of Aedirn**. Please do not edit this fiction without the writer's permission.

**Taeka** (~~*Real name: Taeka Ulverson*~~), was an Aedirnian peasant woman. The oldest out of seven children born to the peasant couple **Ralluald** and **Ugga**, though unlike a few of her siblings that grew up to show magical potential, **Taeka** did not and was a carrier for the gene that manifested in the family. Her son's **Cornall's** bloodline went on to become famous Nilfgaardian doctors while her other son's Stecast's line stayed as simple peasants.

# Biography

## Early Life (1115-1131)

Born to a peasant couple of **Ralluald** and **Ugga** out of seven children out of which three turned out to be **Sources**, the fraternal twins **Eishe** and **Adalwulf** along with their younger sister **Arrah**. **Taeka** was born as the eldest child and first daughter of the family, though as a peasant family this didn't come with many, if at all any benefits. she was old enough to help take care of the twins, Oki and **Arrah** with their mother **Ugga**.

For the most part **Taeka**'s childhood was fairly normal until at the age of 10 her father became cursed by a mage and suffered a major psychosis. **Ralluald** became violent, irrational and depressive.

In desperation, **Ralluald** promised his eldest son **Daskel** to a witcher of the **School of the Wolf** in exchange for relief from the curse, the witcher instead chose the younger **Adalwulf** saying he felt a tug of destiny from the boy. So desperate was **Ralluald** that he agreed without even telling his wife or family.

Four years after receiving treatment, the Witcher came to take **Adalwulf** to **Kaer Morhen**, **Ugga** of course was against this **Ralluald** having not told her anything until the Witcher came for their son. **Taeka** had been a stern older sister but didn't feel particularly strongly when the witcher came to take **Adalwulf** away, though she like the rest of the family lost faith in **Ralluald** and came to wonder if anyone else would end up being taken away because of **Ralluald**.

## Taeka got in a relationship with a philanderer (1135)

A 20 year old **Taeka** enters a relationship with a philandering man who slept around and refused to stop when she found out.

## Taeka spent time sleeping around (1143)
